The 30th wedding anniversary is the Pearl anniversary. For much of the 30 years that Gallery 114 has operated it has been situated in the heart of Portland's Pearl District. Pearls are also a symbol of wisdom gained through experience. The works in the exhibition by former Gallery 114 artists reflect the knowledge that comes through a long and thoughtful engagement in their art practice reflected in the specific subject matter and materials. Pearls also signify good luck, and perhaps it is this combination of wisdom and luck that has allowed Gallery 114 to endure and thrive for the past 30 years.
