

BIO

English-born figurative artist. Having had a long career in the theatre as a set and costume designer my work has become more focused on painting and drawing the figure over the last few years. Portrait paintings have been seen in group exhibitions such as the *PANIC* exhibition at the O'Hanlon Centre in CA in 2020, a year-long exhibition *Art In The Time of Corona* at DAB ART Co. in LA in 2020, and my work is also featured in Artsy. Previous to this, a group exhibition at the Royal College of Art at the Dyson Gallery, in London 2018.
